-

8.(a) Effects of Human Right Abuse

1. Conflicts among family members and in the community. This leads to unrest and instability in the society due to the increase of crimes.

2. Conflicts between citizens and their government. This makes it difficult for the government to enforce law and order.

3. Citizens being unable to perform their duties and responsibilities in peace.

4. Increased crime and poverty in the society

5. Oppression of less fortunate members in society. For example, workers may be underpaid or the poor may be denied justice in the court of law.

6. Citizens being unable to obtain their basic needs when the right to work is denied or abused.

(b) ways to promote human rights.

1. The government has to maintain the rule of law where the rule of law is not maintained.

2. The government should educate its citizens about their basic rights so that they can claim them when they are denied.

3. The society has to respect all people, including the sick and disadvantaged.

4. The court of law should enforce the law in a just manner and punish those who abuse the rights of others, such as thieves and murderers.

5. There should be a system to control the activities of the government, e.g. the existence of a particular law to prevent the abuse of power.
