04E

Time: 2 Hours
Wednesday, $10^{\text {th }}$ September 2014 a.m

## Instructions

1. This paper consists of fifty (50) questions in sections A, B and C.
2. Answer all the questions in each section.
3. Read all the given instructions in the special answer sheet (OMR) and fill in all the required information.
4. Write your Examination Number and then shade it in your answer sheet.
5. Show clearly all the working in each question and shade a letter of the correct answer in the answer sheet provided. If the correct answer is A you will shade as follows:
$\square$
6. If you have to change your answer, you must rub out the shading very neatly before shading the new one. Use a clean rubber.
7. Use HB pencil only.
8. Cellular phones and calculators are not allowed in the examination room.

## SECTION A: MATHEMATICAL OPERATIONS

For each of questions $1-25$, work out the answer, then choose the correct option and shade its corresponding letter in the answer sheet provided.
