SECTION B (22 Marks)

Answer **all** questions in this section.

3. Read the following passage and then answer the questions that follow by writing the correct answer in the space provided.

In our village we have resources like shops, houses and vehicles. We also have forests, livestock, minerals and land. The resources are used for several purposes. For example, things like shops and land contribute to both employment and income generation for families. Forests provide us with traditional medicine that cures human beings diseases. Furthermore, forests contribute to rainfall formation which is very important to us. Our crops need rain to grow well. Besides, forests provide us with timber for construction of our houses. In addition, forests provide us with firewood and charcoal for cooking. Land with natural vegetation provides us with pasture for our livestock to feed on. Livestock provides us with beef, milk and manure all of which can be sold and contribute to family income.

Questions

- (a) How do villagers benefit from the available resources?

(i) _____

(ii) _____

- (b) What are the importance of forest to the villagers?
